The greatest Humanity's challenge is to protect itself from Risk

Today, it's possible

WHO

The World Protection Forum™ gathers «Life First Companies». Future-oriented organisations that put the protection of people ahead of pure performance and profit.

The number of companies that want to take a fresh start is growing every day.

WHAT

The World Protection Forum™ is a unique opportunity to meet leading competent people and to share the most disruptive breakthroughs to protect Humanity from Risk

A new era has already begun, neither utopia, nor dystopia. Come and meet those who has already joined it successfully.

WHERE

Upcoming major events:

- **Green Night Awards**
20th October 2020 Lugano (Switzerland)
Organized by Excellence Magazine Luxury
- **Risk Day**
3rd November 2020 Paris (France) Organized by Le Club Risques - AEGE - École de Guerre Économique
- **Annual meeting of the World Protection Forum™**
27th November 2020 Sanremo (Italy) in the prestigious Ariston Theatre

WHY

It is not the science of economics (and profit) that will save the world, but the new Science of Risk.

It's time to team up: Risks are already doing it. Every company needs to join because a single absence could be deleterious.

Being part of the World Protection Forum™ is not just an ethical issue, but a collective must.
